

Virginia's Investment in Prison Rehabilitation

Did you know? 77% of released returning citizens are re-arrested within five years.¹

Did you know? 43% are re-arrested within the first year.¹

What is the GEO Continuum of Care®?

The GEO Continuum of Care® is enhanced in-custody offender rehabilitation programming, including cognitive behavioral treatment, integrated with post-release support services. GEO's Continuum of Care® provides individuals the tools, resources, and access to community partners through referrals to assist in their smooth transition into their community. Today the GEO CoC headquarters team includes 53 staff with subject matter experts in education, cognitive behavioral treatment, substance abuse treatment, post-release services, training, and quality assurance.

CoC IMPROVES LIVES + CAN HELP VIRGINIA AVOID INCARCERATION COSTS

- Vocational training at Lawrenceville Correctional Center includes computer courses, electrical wiring, horticulture, carpentry, commercial cleaning, masonry, and plumbing.²
- Participants who do not possess a diploma can take adult basic education classes, and earn a GED during their time at Lawrenceville Correctional Center.²

ABOVE and BEYOND

The GEO Continuum of Care® goes ABOVE and BEYOND its annual contractual obligation by investing \$99,000 in offender rehabilitation. In most cases, this includes additional full time staff, post release support services, substance abuse treatment, 12 step programming, parenting classes, domestic violence prevention, and anger management education.
